West argues that race is a social construct that has been used to justify centuries of oppression and discrimination. He traces the history of racism in America, from slavery to Jim Crow to the present day, and he shows how it has shaped our institutions, our culture, and our very identities.

But *Race Matters* is not just a history of racism. It is also a call to action. West believes that we can and must create a more just and equitable

society, and he offers a number of concrete proposals for how we can do so.

The 25th anniversary edition of *Race Matters* includes a new by the author, in which he reflects on the progress that has been made in the fight against racism since the book was first published, and he challenges us to continue the work of building a more just and equitable society.

### **Praise for *Race Matters***

"A must-read for anyone who wants to understand the history and present reality of racism in America." — *The New York Times*

"A powerful and moving indictment of racism in America." — *The Washington Post*

"A classic work of scholarship that is essential reading for anyone who cares about justice." — *The Boston Globe*

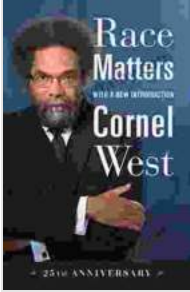

### **About the Author**

Cornel West is a philosopher, author, and activist. He is a professor at Harvard University and the author of over 20 books, including *Race Matters*, *Democracy Matters*, and *The Radical King*.
