In her new book, 'Uprooted Gardener: Reflecting on Beginning Again,' author and gardener Susan Harris shares her inspiring journey of resilience and renewal after being forced to leave her beloved garden.

Through beautiful prose and stunning photography, Harris explores the transformative power of nature, the importance of community, and the healing that can come from embracing change.

Harris's story begins with the sudden loss of her garden. After years of cultivating a beautiful and bountiful space, she was forced to leave it behind due to unforeseen circumstances.

Devastated by the loss, Harris initially struggled to find her footing. But through the support of her community and the restorative power of nature, she slowly began to heal.
